SUMMARY

Data-driven analyst with hands-on experience turning raw datasets into decision-ready insight using SQL, Power BI, Excel, and DAX. Built a five-page executive Power BI dashboard analyzing 21,000+ operational records, and delivered ongoing KPI reporting in professional roles that informed marketing and communications strategy. Combines technical analysis with strong stakeholder communication, project coordination, and problem-solving skills. Final-year Business Administration student seeking a Data Analyst or Business Intelligence role where rigorous analysis translates directly into business impact.

FEATURED PROJECT

QuickBite Ghost Kitchen Performance Analysis

SQL · Excel · Power BI · DAX

- Analyzed 21,000+ food delivery orders across three ghost kitchen locations to evaluate operational performance and support expansion decisions.
- Prepared, cleaned, and integrated operational datasets from multiple sources into a single analysis-ready model.
- Designed a five-page interactive Power BI executive dashboard (Executive Summary, Business Environment, Menu Profitability, Kitchen Analysis, Competitor Analysis) using DAX measures.
- Translated findings into data-driven recommendations for menu optimization and business expansion.

PROFESSIONAL EXPERIENCE

Social Media Manager — Booze.ng

Jul 2025 – Oct 2025

- Tracked and reported weekly KPIs — engagement rate, reach, impressions, conversions — building recurring dashboards used by the marketing team to guide strategy.
- Analyzed customer engagement data to identify trends, converting findings into actionable recommendations that increased audience engagement.
- Evaluated campaign performance data to recommend improvements adopted by the marketing and design teams.
- Collaborated cross-functionally to align reporting with business decision-making needs.

PR & Communications Assistant — Buzz & Bants

Feb 2025 – Oct 2025

- Conducted research and structured reporting to monitor communication activities and evaluate outcomes against objectives.
- Produced stakeholder-facing reports and materials that supported organisational decision-making.

- Collaborated with internal stakeholders to coordinate initiatives and improve operational effectiveness.

LEADERSHIP & COORDINATION

Assistant Head of Planning Committee — Final Year Week, Pan Atlantic University

- Coordinated planning and execution for a week-long programme serving 2,600+ students, managing timelines and logistics across multiple committees.
- Led stakeholder engagement to deliver targeted events for 300+ participants while maintaining quality standards.

Volleyball Captain — Pan Atlantic University

- Led and coordinated team activities during inter-university competitions, fostering accountability and performance under competitive conditions.

Volunteer — Africa Retail Congress 2025

- Supported coordination, stakeholder management, and logistics for an industry conference.
